

# FORTNIGHTLY WASTE COLLECTION

Worried about smelly, overflowing bins or concerned about attracting vermin? Would it help if the council arranged a collection for kitchen waste?

You need to e-mail or speak to your ward councillor as soon as possible. Your councillor has ultimate power over improving waste collection services.

Your councillor needs to know if you're not getting the services you need. Only they can really do something about it.

It's your choice ~ put up with it or [phone today!](#)
